

## CHEERS

*Our wine list is a collection of winegrowers who produce wines as carefully and thoughtfully as we approach dining and service. You'll see a heavy nod to the regions of Champagne, Burgundy, Rhône, and Madeira—wines from here were likely to populate the original 1700s era cellar on the property.*

*As a highly variable agriculture product, we value the beauty in wine's vintage variation, and see it as an echo of the changing seasons on The Clifton estate.*

*We showcase wines from around the globe, focusing on farmers we believe have land stewardship as their top priority. This means winegrowers concerned with sustainability and low-impact farming, and winegrowers who add little to their wine but the grapes themselves.*

*The Clifton is a special place-- we feel it with every step we take on the property. The wines on our list are from equally unique places. Welcome to our table...*

*Specific wine availability is subject to change.
